Small Group Questions

1. If you are willing to share, what is dysfunctional in your family? What have been the effects of the dysfunction on the family?
2. What path in life are you on? Discuss how direction, not intentions, determine your destination.
3. What suggestions do you have for Joseph's brothers in handling jealousy and how they feel towards their siblings?
4. How can you develop courage in handling crucial conversations within your family—as a parent, child, sibling?
5. Rick Warren said, "Every time you make a bad choice it becomes harder to make a good one." Unpack this statement. What exactly does he mean? Do you have life experience to illustrate this?
6. Pastor Joel said to "Take a stand for what is right." When have you done this recently and secondly, when have you failed to do it?
