Small Group Questions

1. Pastor Joel reminded us that we live in a temporary world - disposable if you will. Therefore, things will always be changing. What do you hope will change for you moving into 2020? What do you hope stays the same as it has been in the past? What control do you have for either of these? Where does God fit into these thoughts?
2. Where do you want to grow spiritually in 2020? Do you trust Him?
3. The eternality of Jesus is one of His attributes. Does this seem like a practical attribute for your life today?
4. Often, we believe that we have a firm foundation in life - family, job, financial security. How quickly could any of these dramatically change? How would you survive? How would the fact that God never changes and that Jesus never leaves us impact this change?
