

# Small Group Questions

1. Pastor Joel began his message by asking "how are you doing?". So, how are you doing?
2. How do we learn from Barnabas and Paul who stuck to their principles, while still loving the Lord and others? How can you disagree and yet move forward as a united group?
3. We each have an opinion about how to approach gathering at FMC in June...and each one is different. What could cause us from providing grace to one another and allow division to set in?
4. What do our children need to see in how to balance faith (it's in God's hands and we try to trust Him) with intellect (live with common sense and respect for virus/science/medicine)?
5. "Our witness is at stake". What did Pastor Joel mean with this statement and how could this occur? How could we make sure our witness pleases God?
